Exceptions for destination and origin transport:

Exception for journeys by vehicles that are loaded or unloaded in a specified core zone (origin and destination in the core zone) as well as journeys by vehicles that are loaded and unloaded in an expanded zone (origin and destination in the expanded zone), provided that they also satisfy the following Euro class specifications and that the respective Euro class is also proven by means of vehicle marking in accordance with the IG-L - Emissions Class Marking Regulations:

Art.8 Lifting of restrictions - exceptional circumstances

In the case of exceptional circumstances, if the vehicles mentioned in article 1 have been immobilised during the 12 hours preceding the beginning of a period of restriction foreseen in articles 1, 2 or 3 above, the departmental Prefects may, in coordination with the Prefects of the neighbouring departments, authorise them to travel during all or part of the period of restriction within a specific zone.

Art.9 Conditions of use of derogations

For any vehicle granted a permanent derogation or a short or long-term individual prefectural derogation, the person in charge of the vehicle must be able to prove to the officers responsible for road traffic checks that the transport operation complies with the provisions of the derogation concerned.

The authorisation must be kept on board the vehicle. For it to be valid, it must be completed by the holder prior to the vehicle's departure, indicating the date of the transport operation and the vehicle's registration number.
